

Debt Snowball Planner

List smallest to largest — attack one at a time — wyzfin.com

How the Debt Snowball Works:

- 1 List all debts from smallest balance to largest (ignore interest rate).
- 2 Pay the minimum on every debt except the smallest one.
- 3 Throw every extra dollar you can at the smallest debt.
- 4 When it's gone, roll that full payment into the next debt — your snowball grows!
